Grand State Lottery of Md. No. 9

ODD AND EVEN SYSTEM.—On the opposite page we present scheme No. 9 of the GRAND STATE LOTTERY OF MARYLAND, arranged it will be perceived, on the Odd and Even System, and is the **ONLY LOTTERY** on that popular mode, now before the public.—The scheme was published but last week, and so great has already been the demand, that the drawing is fixed, and to take place in the city of Baltimore, on Wednesday, the 17th of NEXT MONTH (January.) The capital prize is **TWENTY THOUSAND DOLLARS**, besides the usual additional of 10,000 dolls.—5,000 dolls. &c. &c. Recollect the superior advantages of the Odd and Even System—the purchaser of two tickets or two shares will be **CERTAIN OF OBTAINING AT LEAST ONE PRIZE** and may draw **THREE!**

Whole Tickets . \$5 00 | Quarters . . . \$1 25
Halves 2 50 | Eighths 62
to be had in the greatest variety of Nos. Odd and Even, at COHEN'S OFFICE.

DRAWING ANNOUNCED.

3d Class Virginia State Lottery

We have the pleasure to announce, that in consequence of the extensive sales already made of the tickets in this snug and popular little scheme, the **DRAWING WILL TAKE PLACE** in the city of Richmond, on Wednesday, the 24th of NEXT MONTH (January)—the whole will be completed on that Day.

We continue the scheme at large on our opposite page. It will be noticed that the scheme is not arranged on the Odd and Even system, a circumstance which we regret, in consequence of the established and unrivalled popularity of that mode of drawing—the cause of the change was the want of capital, there being only a gross amount of \$49,000 left of the privilege granted by the State, of course, of this small sum, if we had arranged a scheme on the Odd and Even, we should not have been able to present a capital prize of sufficient magnitude, unless we had reduced the small prizes to a much lower denomination than the price of tickets—as it is, however, we have arranged a snug, and comparatively, brilliant scheme; in fine, taking into view the limited amount of capital, probably no scheme could have been offered with such little risk, for the small sum of *three dollars*, with a capital prize of the handsome denomination of **TEN THOUSAND DOLLARS**.

Whole Tickets \$3 00 | Quarters . . . 75 Cts.
Halves 1 50 | Eighths . . . 37 Cts.

*ORDERS for Tickets or Shares, in either of the above Schemes, either by mail (post paid) or by private conveyance, enclosing the Cash or Prizes in any of the Lotteries, will meet our accustomed prompt attention.—Address to

J. I. COHEN, JR. & BROTHERS.

Strangers visiting Baltimore

are respectfully informed, that we have but *one Office* in the city of Baltimore, and that one, at No. 114, Market-street. We mention this in order to prevent mistakes (which we learn are of frequent occurrence) in consequence of the similarity of name (on paper) of another office.—In calling, sending or directing, our friends will please be particular in noticing the above.

Rise of Tickets

In the Grand State Lottery of Virginia.

In consequence of the unusual demand for the tickets in the 3rd class of the GRAND STATE LOTTERY OF VIRGINIA (for the Benefit of the Monongalia Academy) the number on hand has been very much reduced, and comparatively very few remain on hand—a scarcity therefore enhances the value, and we now give timely notice to our distant friends and adventurers that the price **WILL BE ADVANCED TO FOUR DOLLARS** on the 2d of January. All orders, however, either for tickets or shares, dated and post marked previous to that day, will be furnished at the present low rate of Three Dolls.—Direct as usual to

J. I. COHEN, JR. & BROTHERS.

3 Prizes drawn by One Ticket!

This unprecedented circumstance actually occurred by a purchase at COHEN'S OFFICE in the second class of the Grand State Lottery of Virginia, which was drawn at Richmond, on the 21st ult. and is an additional proof of the advantages of the *Odd and Even System*—the circumstances were, viz. No. 17652 came out the Capital of *Ten Thousand Dollars*, and being an Even Number, it was entitled also to a prize of *Three Dollars*—in addition to which, as No. 9952 was the second drawn from the wheel, every ticket, agreeably to the scheme, ending with the two last figures (52) were each entitled to a prize of *Five Dollars*, consequently the ticket which drew the 10,000 dolls. ending with 52 was entitled to the additional Five Dolls.—thus, No. 17652 (a single ticket) **DREW NO LESS THAN THREE PRIZES!!** This remarkable ticket was held by a company of gentlemen in Baltimore, and who at COHEN'S OFFICE, have already realized their good fortune.

The 5,000 dollar prize was held in Philadelphia. Of the 1,000 dollar prizes, one was owned in a whole ticket at Lynchburg, Va.—another at Petersburg, Va.—The others were divided in Shares, and distributed to adventurers in N. York, Charleston, Lancaster, and Fredericksburg.

Cohen's Office—Charleston.

Our friends and adventurers residing in the Southern section of the Union, are reminded of the Branch of our Establishment in the city of CHARLESTON, at No. 16, Broad street, opposite the Bank of the State. It may suit their convenience to procure their supplies of Tickets in the various Lotteries from that Office. In all matters appertaining to Lotteries or Exchange, they may depend on the same prompt and punctual attention at that Office, (and also at our respective Branches in Norfolk, Richmond, Philadelphia and New-York) as if addressed to the Office in Baltimore.

Letters for either Office to be directed to

J. I. COHEN, JR. & BROTHERS.

On our 4th page, we continue the Official List of the Drawing of the second class Virginia State Lottery, in order to meet any failure which may have occurred in our last publication.

MISSION TO MEXICO.—Mr. John Sergeant, his private Secretary, Mr. W. B. Reed and Mr. Rochester, the Secretary to the mission, left Philadelphia, on the 29th ult. for Newcastle, where they embarked on board the United States ship Hornet, for Vera Cruz, thence to proceed to the Congress of Tacubaya. The place where the Congress are to assemble, is about 160 miles from Vera Cruz, and about five miles from the city of Mexico.

The **PRESIDENT'S MESSAGE** was received in Baltimore on Tuesday afternoon about three o'clock, being two hours and seven minutes after it was delivered to the Express at Washington. And we had the pleasure (says the Chronicle) of spreading a copy on the desk of the Exchange before half past 3 o'clock.

Mr. GALLATIN.—By late information from Farnce, we understand it is reported that Mr. Gallatin is about returning to this country, and giving up his place at the Court of St. James.

Late Foreign Intelligence.

By the packet ship York, arrived at New-York, on 6th inst. English papers are received to the 2d November. Amongst the passengers is the Hon. JOHN RANDOLPH of Virginia.

Money had become very plenty in London, and such was its redundancy that good bills have discounted at 2½ and 3 per cent. Mr. Canning had returned from Paris. Parliament would assemble on the 29th November. There had been a meeting of the *Livery of London* (called expressly for the purpose) at which it was *unanimously* determined to petition for a repeal of the Corn laws, as equally injurious to the agriculturist and the community at large.—The Duke of York was very ill. The news in general by this arrival, is not of very material importance.

Vienna, Oct. 18.—This morning, at 3 o'clock, a fire broke out in the apartments of the Archduke Louis, and communicated to those apartments which have been occupied at different times by the Emperor Alexander, and the kings of Bavaria and Wirtemberg. The fire continued until the interior of those magnificent apartments fell a prey to the flames. The Archduke Palestine, his wife and children, had a narrow escape. No lives were lost, but the value of what has been destroyed is considerable. The fire is supposed to have originated in the negligence of a servant.

The Austrian Observer contains an account of the late engagement between the Greeks and a division of the Turkish fleet, founded on letters from Constantinople, of the 29th Sept. The engagement took place on the 9th, 10th, and 11th of that month, near Mitylene; the Greeks were defeated, and lost three vessels, burnt; a three masted vessel sunk, and had six brigs very much damaged. They retreated to Ipsara, and the Turks to the Gulph of Smyrna, to repair.

Congress of the United States.

The National Legislature assembled on Monday. In the House of Representatives, about one hundred and seventy members were present at the calling of the roll—in the Senate, between thirty and forty, when the Vice President took the chair. A quorum of each house was accordingly formed, and a committee deputed from each to apprise the President that it was ready to receive communications from him.

In the Senate, resolutions were adopted to wear crape on the left arm for thirty days, as a mark of respect for the memories of the late Nicholas Van Dyke, Senator from Delaware, and Joseph M'Ilvaine, Senator from New-Jersey, both deceased since the last session.

Mr. Hayne, of South Carolina, gave notice that he should, on Wednesday, (this day) ask leave to introduce "a bill to establish a uniform System of Bankruptcy throughout the United States."

The Annual Message of the President was transmitted soon after the committees waited upon him. Our limits, of course, do not permit even a synopsis of the Communication.

Two Lotteries in January.

Odd and Even System—Scheme No. 9 of the GRAND STATE LOTTERY OF MARYLAND,

MODE OF DRAWING.—The Numbers will be put into one wheel as usual—and in the other will be put the prizes above the denomination of Four Dollars, and the drawing to progress in the usual manner. The 15,000 prizes of \$4 each will be awarded to the odd or even numbers of the Lottery, (as the case may be) dependent on the drawing of the capital prize of Twenty Thousand Dollars—that is to say, if the 20,000 dollar prize should come out to an odd number, then every odd number in the scheme will be entitled to a \$4 prize; if the 20,000 dollar prize should come out to an even number, then all the even numbers in the scheme will be each entitled to a prize of \$4.

Odd Numbers are those ending with 1, 3, 5, 7 or 9.

Even Numbers are those ending with 2, 4, 6, 8 or 0.

This mode of drawing not only enables the Commissioners to complete the whole Lottery in ONE DRAWING but has the great advantage of distributing the small prizes regularly to every alternate number in the scheme, so that the holder of two Tickets or two Shares of Tickets, (one Odd and one Even Number) will be certain of obtaining at least one prize, and in the same ratio for any greater quantity. ☞ A ticket drawing a superior prize in this scheme is not restricted from drawing an inferior one also—many tickets, therefore, will necessarily obtain TWO PRIZES EACH!

MODE OF DRAWING.—The numbers will be put into one wheel as usual—and in the other will be put the prizes above the denomination of Ten Dollars, and the drawing to progress in the usual manner. The 6,000 prizes of Four Dollars will be awarded to the tickets, the numbers of which end with the terminating figure of either of the three first drawn of different terminations. The Five Dollar prizes will be awarded to the tickets having the two last figures corresponding with the two last figures of the number of the next drawn of a different termination—and the Ten Dollar prizes will be awarded to the tickets having the two last figures corresponding with the two last figures of such number of the following drawn of a different termination.

This mode will permit the whole Lottery to be completed IN ONE DRAWING—and a ticket drawing a superior prize will not be restricted from drawing an inferior one also.

☞ Tickets and Shares, in both Lotteries, to be had in a variety of Numbers, at
